Code of Conduct

Members of the League commit to ethical, businesslike, and lawful conduct, including proper use of authority and appropriate decorum when acting as representatives of the League. The League recognizes that its Members provide valuable services to other charitable non-profit organizations in our community. This statement is not designed to limit or restrict service, but to ensure transparency in League business.

All members shall:

1. Not bring shame or disgrace to the organization and are expected to conduct themselves in a legal, ethical, moral, responsible, and respectful manner at all activities, events, and communications related to League-sponsored events, events sponsored by community partners of the League, and any activity in which members represent the organization.
2. Conduct themselves and the business of the League according to the Bylaws, Policies and Procedures, and other guiding documents of the League, including completing all requirements and/or assigned tasks on an annual basis and working with other members and JLS staff in a courteous, cooperative, and respectful manner.
3. Members in the League who hold Leadership positions involving fundraising and development efforts must also fulfill their commitments to the League as a whole, free from conflict with commitment to other organizations. Members must avoid the appearance of a conflict of interest with respect to their development or financial responsibilities.

Addressing Code of Conduct Violations

A League member or staff person accepts the responsibility to conform to all bylaws, policies, and guidelines of the League. Failure to do so will justify appropriate disciplinary actions, including removal or probation. Probation terms for Code of Conduct violation are to be discussed and decided upon with the member in violation and Management team.

First offense: The Membership Vice President and Executive Vice President will review the offense with the member in a private meeting. The meeting and offense will be documented and placed in the member's file. A plan will be agreed upon for the member to make improvements.

Second offense: In addition to "first offense" actions, the offense will also be reviewed with the Management Team, where further steps may be taken to address the situation including possible probation or removal from position.

Third offense: The offense will be reviewed by the Board who will vote on whether to remove the member from the League.

Immediate Suspension

Some offenses are so serious that immediate suspension will be taken, even if it is the first offense. Immediate suspension is an action undertaken for offenses committed by a League member or staff person including, but not limited to: threatening or inflicting serious bodily harm to another member; possession of illegal weapons or drugs at a JLS event; theft of League property or monies; acts of vandalism causing damage to League property. Immediate suspension will result in immediate membership termination. Suspended members will not be allowed to reinstate their membership with the League where the offense was documented.

As an at-will member of the Junior League of Savannah, I have read, understand, and agree to abide by the Bylaws, Policy Handbook, and Code of Conduct of the League according to the expectations set forth in this Code of Conduct. Any misrepresentation of these expectations may be cause for probation or suspension of membership.
